

Wooclap helps you Teach and Learn. A Partnership with Pedagogical Impact

Test Wooclap for 1 semester

Wooclap's free semester trial period allows you to evaluate Wooclap and measure the interest of instructors and students for the tool. We support you with the technical and operational deployment and follow up on the entire project providing you the necessary resources.

Enjoy access to Wooclap for everyone; your teaching staff, students and coworkers!

Create unlimited Wooclap events, choose from +20 question types and flexible participation options, set up your own branding, design your templates and collaborate on events with your colleagues.

Integrated in your digital ecosystem

Seamless authentication with **Single Sign-On through Academic Cloud**. Essential for security, adoption, and ease of use.

Using Wooclap inside your LMS (Moodle, Ilias, StudIP, ...) is very powerful for both instructors and students and a key driver for adoption. Create activities from within the LMS. Track attendance, synchronize participation and results to your LMS gradebook or export them!

Power up your presentations (**PowerPoint, GoogleSlides**) by using the Wooclap add-in.

Integrate Wooclap in **Microsoft Teams or Zoom** to make your video conferences more impactful.

Full-Service Support

A **dedicated customer success manager** is at your service to facilitate the technical and operational deployment of Wooclap within your current working environment. You are supported at each step of the process, including custom onboarding and continuous training.
